This year's 2009 Canadian Water Ski & Wakeboard Instructors Course (CWSWIC) took place on June 19<sup>th</sup> – 22<sup>nd</sup> at Hockey Opportunity Camp in Sundridge ON, and successfully completed another year of fully certifying its participants.

The extensive four-day training event provided instructors with the safest and most effective methods for teaching towed water sports. All participants were fully engaged in their studies, willing to participate and excited to learn multiple teaching techniques. David Brandstetter, CWSWIC Course Conductor, admitted that this year was filled with the most enthusiastic students who were eager to learn, in comparison to other years. The positive energy was a key factor that played a role in motivating students to fully accomplish their certification.

Two individuals in particular, Marcus Ellis and Jeff Mile, were recognized for their constructive, encouraging and optimistic personalities. Their up-beat attitudes made them stand out from the crowd as memorable characters. Both students will be receiving Burton Jackets for their outstanding achievements. Way to go guys!

It is safe to say that the 2009 Canadian Water Ski & Wakeboard Instructors Course achieved its purpose, and made for an unforgettable experience. Thank you to everyone who made this course possible, and congratulations on another successful year Instructors!!

Special thanks goes to the Course Conductor David Brandstetter for making this event possible, our volunteer examiners who took the time out of their schedule to properly educate students, the OPP for delivering an informative presentation on boat safety practices and especially to Kevin McLaughlin - owner of Hockey Opportunity Camp - and his staff for accommodating us all. Without the consistent help of everyone involved, our program would not have been the same.

Be sure to frequently visit our website at [www.wswoc.ca](http://www.wswoc.ca) for pictures from the course! Looking forward to hearing about your experiences as a certified instructor, good luck on the water!

Sincerely,

David Brandstetter
